Team Ford First

FIRST Safety

Personal safety is of primary importance during all FIRST Robotics Competitions. Because FIRST hosts events that involve robots that depend on electrical equipment, stored mechanical energy, moving mechanical parts, and other safety hazards, Safety will not be compromised. Please use common sense and be safe! Safety rules will be strictly enforced

Safety glasses must be worn at all times by all field team members within the playing field and driver station areas.

Please furnish safety glasses for your field team.
