

Quick Getting Started Guide - Accessing PTC Software

PTC software will help you design your robot more efficiently, and help you collaborate more effectively across your team!

- **Pro/ENGINEER**, PTC' integrated 3D CAD/CAM/CAE software
- **Mathcad**, PTC's Engineering Calculation software
- **Windchill**, PTC's Collaboration and Data Management software
- **Productview**, PTC's Visual Collaboration software

Here is How to Get Started:

1. Register for your [Windchill-based Team Project](#).
(Note: only your team lead should register for your team project.)
2. You should receive an invite to your project via e-mail from firstsupport@ptc.com.

Windchill Invitation

[FRC-PTC-MGR](#) has invited you to the project [FRC - Demo Site](#). [Join Project](#)

You must first [register](#) before you can join. [Register](#)

Project Name: FRC - Demo Site	Start Date: Sep 12, 2008 EDT
Project Owner: FRC-PTC-MGR	Estimated End Date: Sep 12, 2008 EDT
Host Organization: FRC	Your Role: Project Manager
Project Description: None	

- You are required to have a PTC.com account. If you do not have an account, click the **Register link** in the email invitation. Alternatively, click [Student Account](#) to create your account.
 - In the event you did not receive the invite to your Windchill project; your system may have blocked it. In this case, go to <https://first.ptc.com>.
 - You will be prompted for your username and password to access the site. **Your username is your email address.**
 - Click the project tab and select your team project name from the list.
3. Account Management:
 - [Click here](#) to change your name, e-mail address, password and demographic data
 - If you forgot your password for your PTC.com account, [click here](#) to get a new one.
 4. To invite your team members, go to page 5 in the [Getting Started Guide](#).

5. To download Pro/ENGINEER and Mathcad from your Windchill project, go to page 30 of the [Getting Started Guide](#).
 - Review the section called **Accessing Pro/ENGINEER and Mathcad**.

6. Tasks that you can perform with your project, as defined in the [Getting Started Guide](#).
 - Layout and Navigation – Page 35
 - Creating Folders – Page 41
 - Creating Documents – Page 43
 - Editing Documents – Page 45
 - Creating Links – Page 49
 - Viewing Details – Page 51
 - Discussions – Page 54
